How to use the bus and this schedule

Use this schedule to select the route you need. There are several routes serving the Steamboat area. Colors denote which buses serve what areas. Locate on the map where you are and where you want to go and select the route or routes that will serve you best. Note that some of the areas are served by two routes. Read across from the stop listed to determine the first bus, last buses and all the times that a bus will arrive at your stop.

Check the destination sign on the bus. It will tell you which line the bus serves and where it is going. Drivers will call out all stops. When you hear your destination, pull the cord over the window that will signal the driver. Please remain seated until the bus comes to a complete stop. Exit out the rear doors whenever possible. Buses stop at signed stops only. If you need to transfer to another route, let the driver know as soon as you have boarded so that they can arrange the transfer.

Times are shown for only a few major stops. Find the nearest listed bus stop to determine the pick up time. If you are unsure where the nearest stop is, call us at (970) 879-3717 and we will be happy to assist you.

Steamboat Springs Transit makes every effort to operate according to the schedule and routing shown. However, circumstances such as weather, road conditions, passenger loads, traffic, construction and other issues may prevent the bus from maintaining the schedule.

General Information

Ski racks are located on the outside of the bus. Ski poles and snowboards as well as skis that do not fit in the rack system should be cleaned of snow and be brought on board the bus. Do not force your skis into the rack as that may damage the ski. Edges can be sharp so make sure to hold on to your skis or snowboard.

Each bus has a bicycle rack with space for 2 bikes. If the rack is full, please wait for the next bus.

Groceries and/or luggage cannot be excessive and cannot block aiseways. The driver can make the determination if the amount is excessive. As the bus approaches, make sure that you have your items ready to expedite the process.

Children must be removed from strollers before boarding. Strollers should be folded up.

All buses have wheelchair lifts. Steamboat Springs Transit policy requires that all mobility devices are secured in designated areas.

Service animals are welcome. Pets can only be boarded if they are in an airline style pet carrier.
